

2010 Property Tax Rates

in City of River Oaks

This notice concerns the 2010 property tax rates for the City of River Oaks. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's *effective* tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's *rollback* tax rate is the highest tax rate the taxing unit can set before the taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. These rates are given per \$100 of property value.

Last year's tax rate:

Last year's operating taxes	\$	1,579,408
Last year's debt taxes	\$	0
Last year's total taxes	\$	1,579,408
Last year's tax base	\$	192,610,732
Last year's total tax rate	\$	0.820000 / \$100

This year's effective tax rate:

	Last year's adjusted taxes	\$	1,578,334
	(after subtracting taxes on lost property)		
/	This year's adjusted tax base	\$	177,213,446
	(after subtracting taxes of new property)		
=	This year's effective tax rate for each fund	\$	0.890640 / \$100
	(Maximum rate unless unit publishes notices and holds hearings)		

This year's rollback tax rate:

	Last year's adjusted operating taxes	\$	1,578,334
	(after subtracting taxes on lost property and adjusting for any transferred function, tax increment financing, state criminal justice mandate, and/or enhanced indigent health care expenditures)		
/	This year's adjusted tax base	\$	177,213,446
=	This year's effective operating rate	\$	0.890640 / \$100
x	1.08 = this year's maximum operating rate	\$	0.961891 / \$100
+	This year's debt rate	\$	0.000000 / \$100
=	This year's rollback rate	\$	0.961891 / \$100
